16TH YEAR - NO. 46

WILMINGTON, MASS., THURSDAY, NOVEMBER 18, 1971

FIFTEEN CENTS

New Postmaster

Leo Murray, 46 years old, of Newburyport, took over the reins as Officer-in-Charge of the Wilmington Post Office last Friday evening. The former Postmaster, Charles Ritchie, has taken over his former position of Superintendent of the Mails.

Mr. Murray, with 21 years service in the US Postoffices, came to Wilmington from Philadelphia, where he was the Customer Program Analyst, in the Regional office. Before that he had held a similar position in the Boston Regional office. The two offices were amalgamated at the time of the change over, from Post Office Department to U.S. Postal Service.

One of Mr. Murray's first actions, was Monday afternoon, when he checked over the Rural Free Delivery routes with the four RFD carriers. It was, he says, a routine check-out, made because the evaluation process for those routes had just been completed.

A GOLD BADGE: Was presented to retired Fire Lieutenant George Cushing, at the banquet held in his honor, last Friday in the K of C hall. Over 200 were present to honor Mr. Cushing, the surprise being Raymond Dewhurst, former Wilmington fireman, now Chief of Rochester N.Y. Fire Department.

Toastmaster was Maurice O'Neill. Shown with Lt. and Mrs. Cushing is Mrs. O'Neill (right).

Town Manager Bristles

You Call This Home Rule?

Town Manager Sterling Morris has lashed out at the government - state government that is. He is 'hopping mad' to use a phrase. He doesn't like the State Legislature, and he doesn't like the Governor.

The legislature has passed a bill - Senate 909, and the Governor has signed it. "The Legislature is extremely unfair" Morris says "and so is Governor Sargent"

The new law raises the pay of Police and Fire Chiefs, by an automatic ratio over the pay of the police and firemen. It can be explained as a law whereby the General gets twice as much as the troops, but that isn't exactly the case, for there is some variation in the proportions.

It is ridiculous, the Town Manager says, to talk about Home Rule, and then have the state government destroy the base - and this at a time when the Federal government is trying to freeze wages and costs!

The wages of the Wilmington chiefs will go up, he says, by four or five thousand dollars.

Now, the Town Manager points out, the heads of the other departments will want similar increases in wages - and this after a long session of union negotiations last spring.

His question is: You call this Home Rule?

Tax Collections

\$300,000 to Go

Tax Collector Marion Murphy has about \$300,000 in uncollected taxes for 1971 yet to collect. She is working hard on the problem. Next week the lady will be sending out "demand notices" for unpaid taxes - which means that the taxpayer will have a little something added to his bill.

But Marion is way ahead of last year. It has been, from her viewpoint, a good year.

One year ago, at the end of November, the town had collected 93.4% of its taxes.

As of yesterday, Nov. 17, the town has collected 94.8% of the 1971 taxes.

The entire bill, this year, is something over \$6,000,000. Uncle Avco, of course, is the biggest tax payer. His bill came to \$624,687.90. It has been, of course, paid.

Pop Warner Bowl Game November 27th

The Bi-Annual Pop Warner Bowl Game is set for Saturday, November 27th. The Wilmington Chargers "A" squad will host Mark's Restaurant eleven from Staten Island, New York in this year's game. Kick-off for the post holiday affair is listed for noon on the 27th at the High School Field.

In a 10:30 a.m. preliminary contest the Charger "B" team will host a Melrose Red Raider eleven. The twin bill should provide some fine entertainment to cap

a highly successful Pop Warner season.

An awards banquet, again sponsored by the Elks, will take place at 5 o'clock at the Elks Hall on the evening of the Bowl Game. Adults may purchase tickets for the affair for \$4.00 from any Wilmington Pop Warner officer or coach.

The boys and girls, who are members of the Pop Warner organization as well as their counterparts from Staten Island will be guests of the Elks at the dinner.

MAPC president John J. McCarthy of Wakefield will preside.

and the forum, fourth in a series sponsored by the MAPC will discuss the solid waste disposal crisis facing Greater Boston, and the region's transportation picture. A 17 minute slide presentation is to be given on MAPC and regional planning.

Wildcats Scalp Indians

In their final home appearance of the season, the Wildcat varsity eleven put forth a good team effort in tripping Billerica, 20-6 last Saturday. Coach Billissimo's boys avoided making costly turnovers, putting together a fine offensive attack to go along with their consistent defensive play.

The varsity is now tied for third place with Chelmsford, while Dracut and Tewksbury are deadlocked for second behind Andover in the conference standings.

Next week's Turkey Day encounter at Tewksbury is very important to the Redmen, as they can gain a piece of the MVC title if they are successful in defeating the visiting Wildcats.

After a scoreless first period the varsity got on the scoreboard early in the second stanza. Following Leo Campbell's recovery of an errant Indian fumble at the Wildcats 38, it took the varsity only eight plays to score with Mark Jepson capping the 57 yard td march on a 1 yard run. Key plays in the drive were a double reverse 24 yard run by Artie Bibeau and a 23 yard pass play Bob Conlin to Bibeau. Jack Styles point after kick was good and the Wildcats were on top, 7-0 at 4:32 of the period.

On the next series of downs, Billerica was faced with a 3rd and long yardage play from their own 34 when Steve Holloway blew in from his linebacking position to drop the Indian's quarterback for a seventeen loss, and forcing the Billerica back to fumble the pigskin. Co-captain Mike Rounds pounced on the loose ball and the Wildcats were in excellent field position at the Indian's 17. Three plays later Conlin scored from one yard out to increase the varsity's lead to 13-0. Styles placement was true and at 6:34 the home towners led, 14-0.

The final Wildcat score came late in the third quarter following a blocked punt. Billerica had moved from their own 23 to the Wildcats 49 before the defensive unit held forcing the Indians into a punting situation. On the attempted kick, Jack Holloway slipped by the Indian's line and successfully foiled the boot, as he blocked the kick at the 40 and picked up the loose ball and ran for the end zone only to be tackled from behind by the Billerica punter at the 22.

ARTIE BIBEAU: Successfully grabs a Bob Conlin aerial at the Indians one yard line midway into the second period of play in the Wildcats 2-6 triumph over Billerica last Saturday. Coming in to help is Don Styles (80 in white) as three potential Indian tacklers are about to stop Artie from scoring. The varsity scored on the next play to go on top, 7-0.

Artie Bibeau carried on two straight trap plays, (12 and 12 yards each) to register the third Wildcat td. Styles' kick was wide to the left and with 16 seconds left in the third stanza the varsity had a commanding, 20-0 lead.

In the final period of play Billerica put themselves in a hole on two separate occasions as they fumbled a pair of Wildcat punts. Each fumble recovery (by Alan Jansen and Leo Campbell) enabled the varsity to control the ball for some six minutes of the fourth stanza.

Late in the game the Indians took over on downs at the Wildcats 45 and proceeded to march 55 yards in six plays against the reserves for their lone touchdown of the game. The score came on a 10 yard pass with only 34 seconds left to play. Thus the varsity had their fifth seasonal win against three losses and assured themselves of a winning season regardless of the outcome of the Tewksbury encounter. But, a traditional win is much more important than a winning season, especially when you can stop your rivals from winning a title.

JAYVEES WIN SEVEN STRAIGHT

The ever hustling jayvees of Wilmington High School concluded their season with an exciting 16-8 triumph over the Billerica junior varsity Monday afternoon, for their seventh straight win.

Coach Atwood's boys trailed 8-0 with some two minutes left in the game when Dean Devlin recovered a Billerica fumble in the end zone for a jayvee td.

On the try for the all important two point conversion, Ray Noel displayed some excellent desire in driving into the end zone, after breaking three would-be attempts to stop him, for the tying points.

Moments later Bruce Bishop recovered another Billerica fumble, this time at the Indians 20. Paul Fitch scored the winning two plays later to preserve an undefeated record. The junior varsity played well all season and this should auger well for the future.

No-Check Hockey

Blues still Undefeated

The undefeated Blues extended their unbeaten streak to five with a pair of wins in W.A.H.L. action last week and are now in solid possession of first place in the initial vaar of no-check hockey.

A week ago tonight the Flyers tripped the Jets, 6-4 with Snooky Lynch leading the way scoring a pair of goals and three assists. Currier's Jets had to overcome a 3-2 first period deficit, in posting their second win of the season. Tom Mazzapica, Earl Phillips, Dennis DiMaggio and Cliff Friberg scored a goal apiece to aide the winners. Rick Froten, John Gennetti, Don Currier and Dave Carlson lit the lamp for the slumping Jets.

In the other contest at the Youth Arena on November 11th the league leaders led all the way in winning their fourth straight, Pete Emery drove home three

The cost is \$2.00 per boy and should be brought to the registration on the 27th. All boys will play in the league, no one will be turned away. First practices will be held at the High School gym beginning, Saturday, December 4th. Times for the various divisions will be assigned at registration.

Charger Team Champs

SOME OF THE OUTSTANDING PLAYERS: In Sunday's Pop Warner Charger "B" Team playoff win over Woburn are shown following the exciting 12-8 triumph. L to R: Robert Sferazza (31), John Maga (51), Richie Fiorillo (17), Jackie Nickerson (7), Tom Bavota (34) and Dave Rounds (23).

After three scoreless periods of tough defensive play the Chargers scored their initial td of the encounter on an eight yard pass play, from quarterback Tom Bavota to fullback Robert Sferazza. The play came on a fourth down situation after the Chargers had taken over at the 3 on a bad Woburn punt. An illegal procedure penalty pushed the Chargers back to the eight where three straight pass attempts fell incomplete, before the td pass. The

extra point pass fell short and at the 34 second mark of the fourth stanza the Chargers led, 6-0.

On the ensuing series of downs, Woburn scored on a 2nd down double reverse play from mid-field. Some fine running by Woburn's Tom Maguire made the play possible. A sweep around left end by John Casey put the visitors on top, 6-8 with only 1:41 into the period.

The Chargers wasted little time in going on top to stay as Robert Sferazza, taking over at

quarterback for one play, carried around left end from his own 41 and down the sideline for an impressive Charger td. The pass for the two point conversion failed. The defensive squads took over and their was no further score in the game.

Robert Sferazza turned in a fine offensive performance picking up 95 yards in 17 carries. Defensively John Maga (3 fumble recoveries), David Rounds and Jackie Nickerson spearheaded a strong team effort.

Wilmington Pictures

Some of the readers of the Town Crier have gained the impression, through the years, that this paper has an extensive library of old time pictures of Wilmington.

Would that it were so. What the Town Crier has is a lot of friends who from time to time loan old-time pictures, and then, jealously, take them back. At least some times it is jealously.

Last week, for instance, there was a picture of the old Boutwell House, on Boutwell Street. It was donated, (perhaps) by LeRoy Bedell, one of the founders, some fifty years ago, of Bedell Brothers Insurance. Mr. Bedell is now in or nearly in his eighties. He spent the summer in Maine, and was headed for Florida when he came across the picture of the Boutwell House. Presumably it was too heavy to carry, so he mailed it to this paper.

The picture was an old post card - and the Town Crier enlarged it, to a satisfactory picture of the old farmhouse.

Now, like so many other pictures, the Town Crier has a negative of the old home.

Each month an envelope is filled with the negatives used that month. The Boutwell home will be in the November 1971 envelope. Perhaps some time a person with more leisure than

your writer will be able to go through the Town Crier records, and possibly an album can be made of old pictures of Wilmington.

Marion Holt

Marion Holt was a photographer. It was she who really had a library of pictures of old Wilmington - and the Town Crier wanted very much to be able to get them, when she died.

Marion was the daughter of Milton T. Holt. Milton served in the 15th Maine, Volunteers, in the Civil War, and about 1885 became Postmaster of Wilmington. Marion took up photography, working for a Boston man, and sometime before 1900 began to take pictures of Wilmington. She told the writer of this column of her pictures, sometime after the end of World War II, but presumably they have now been thrown away. They were in a studio, in the Back Bay of Boston, when she died.

Almost all the old pictures that do come across the Town Crier's desk were taken by Marion - and have a credit line to that effect.

There was no such credit line on the picture of the Boutwell House, but the picture was taken in 1930 or slightly afterwards, for on the wall is the placard identifying it, for the 200th anniversary of the town. Marion took many pictures at that time.

Could the Planning Board, for instance, sic Professor Eliot onto the trail of those pictures,

or it could be a good hobby for Rep. Fred Cain. Those pictures of Wilmington, if they still exist, should be preserved for the future.

SIGNING THEIR FIRST PLAN: Tuesday night, in the Planning Board meeting, the new members, Bob Leahy (standing) and Bill MacKinnon signed the Jackson-Miceli plan of Webber Street.

Gathering Grapes
"Know what, Grampa? Breathless, asking - Grandson, to me put the question 'Grapes are back! Did you know it?' Let us pick some - in a bucket!" So a pail we took with us, To the Concord vine did hurry.

He beside me filled with chatter, Of the things he did at school. "May I borrow two?" he asked me. "When will you pay back?" I said To that question came no answer. Now, a new form has the blue grapes - Jam, for winter's breakfast toast. J.E. Jay

MEET THE LADIES: Two weeks ago their husbands had their pictures in the Town Crier, hairdresser, barber, and grocer at the new Mike's Corner Variety. Now it is time to meet the powers behind the thrones.

At left are Albert and Donna Silva. Albert is the hairdresser. In the center are Fred and Jeannette Gilberti. Fred is the barber. And, to the right are Mike and Lucy Castellano.

THE LAST DAY OF THE LAST SODA FOUNTAIN: In a Wilmington pharmacy shows the two girls had at work. Doris Allard is busy listening (on the other side of the counter) to Mrs. Jo O'Neil, as is the Town Manager and Beulah Whitmarsh. Loretta Kalkanian is equally hard at work, to extreme right.

Mrs. Whitmarsh was the first counter girl, when the soda fountain opened, twelve years ago this Thanksgiving.

Naturally

By Betsy Woods

Did you know that the days your diet is inadequate are the days on which you grow old! Since your body structure is largely protein, an undersupply can bring about aging with depressing speed.

Wrinkling of the skin and graying hair are not necessarily signs of old age; they appear also in the young and can be produced in immature laboratory animals by faulty diet.

If you'd like to become more vigorous and attractive, it would probably be wise to eat considerably more protein, and to thoroughly familiarize yourself with the quantities of protein in our food.

The most common good quality protein foods are meat, fish, fowl, milk, eggs and cheese. More concentrated and therefore less expensive are brewers yeast, powdered skim milk, wheat germ and soy flour, all of which are excellent complete proteins.

Most of us believe that we consume a far better diet than we actually do. Why not find out what makes your body function! Or does it function?

CHRISTMAS CARDS VS.
INVESTMENT IN HEALTH

Last November an interested citizen, Mrs. John Sullivan of Fairmeadow Road, decided that instead of Christmas Cards to her friends and neighbors, that she would send a contribution to the Wilmington Hospital Building Fund, expressing her greetings, so that instead of a card they would have an investment in health in the future.

This started a chain reaction and the results were astonishing.

The Hospital Committee has been asked again if the people are going to send their Christmas greetings the same way this year.

Send a contribution with your greetings, and they will be published under a separate heading each week, with the compliments of the Editor.

It is hoped that industries, businesses, schools, etc. will take advantage of an Investment in Health for the Future.

How do you open a door that will not open?
First of all, check to make sure the door is not locked. Then pound the top and bottom of the door with a hammer to loosen it. Cover the hammer or mallet with a soft cloth so that the door is not damaged. If necessary, remove the hinge pins.

If the door still will not open, and you want to save it, do not risk possible injury to it or to yourself. Call someone who is qualified to do the work.

When the door is removed, plan down the edges that were sticking.

How do you find the supplies you want? Make a visit to Sweezy Home Courtesy Center, 615 Main St., 658-2061 where you can find everything you need. For the do-it-yourselfer we stock Cristal Ceramic Tile, it's extra thin making it easier to install. The Wamesit District Boy Scout Camporee

There were Scouts from five Wilmington Boy Scout Troops at the Wamesit District Camporee in Chelmsford, during the first weekend in November, together with Scouts from Tewksbury and Billerica. All told there must have been a couple of hundred boys.

Troop 48 of Tewksbury had the most impressive display - eight Teepees, of the kind used by the Plains Indians. They were lined up near the entrance to the Chelmsford Rod &

Gun Club, where they could be seen by everyone - most impressive. Nearby was the bus that the Scouts of Troop 48 have, together with a trailer and half a dozen canoes. The troop is sponsored by the South Tewksbury Methodist Church.

The Wilmington Scouts were up in the hills and rocks, under a stand of beech trees. Theirs was not the Plains Indians, theirs was the Aborigines of New England - shelters under

the trees.

The camp project SOAR - which has to do with saving natural resources, and if one were looking for a boy and he could not be found the answer could always be: "Well, he's out on the Soar!"

Wilmington Troops present were 56, 58, 63, 136 and Explorer Post 63.

EIGHT INDIAN TEEPEES For the Boy Scouts of Troop 48, Tewksbury, dominated the camping ground at the Chelmsford Rod & Gun Club, at the Wamesit Camporee, Nov. 5-7.

A BUS AND CANOES: For the boys of Troop 48. Lucky boys!

SCOUTMASTER HARD AT WORK: Joseph Schwartz, Scoutmaster of Troop 56 shows how to cut hot beef stew. Learning their lessons are Alan Jensen and Roger Lesnik.

OH FOR A WOODSMAN'S LIFE! Billy Ritchel and another boy from Troop 63 tackle a fallen pine.

SCOUTMASTER HARD AT WORK: Assistant Scoutmaster Frank Conley of Troop 322 works over the campfire, while boys watch. At far left is Arthur Keefe Jr. of Burlington Ave., Eagle Scout and Junior Assistant Scoutmaster of Troop 322.

Rotary to sponsor
Winter Carnival

The Wilmington Rotary Club is to sponsor the Wilmington Winter Carnival - during the months of December, January and February.

Kenneth J. Zucker, Recreation Director for the Town of Wilmington has been assured of the backing of the Rotary Club by Henry J. Porter, the Rotary Club Youth Committee head. Mr. Porter had Zucker as his guest at Rotary at the luncheon yesterday, together with Mrs. Anne Linehan, a volunteer assistant.

After the Rotarians read in the Town Crier that the proposed carnival was to be cancelled, the Youth Committee got to work. They felt that there could be an excellent program for the community. They wanted to know how the Rotary Club could help. The committee consists of Henry

Porter, Sandy Carlisle and Ralph Allen.

An outline of the proposed carnival was presented to the committee by Zucker and Mrs. Linehan. It will include a Home Lighting Contest, a Snow Man Contest to be held at Rotary Park, toboggan races at the Town Park, a Silver Skates Derby and neighborhood team Hockey Tournaments.

Mrs. Linehan has been invited to explain the program to the membership, at next week's luncheon.

ARTIST'S FUNGUS: The Town Crier, Nov. 11th, had a story about the Oyster Mushroom. The story inspired Mrs. Helen Johnson of Boutwell Street to bring down a mushroom she had had been in the family for half a century.

It is called an Artist's Fungus. This particular specimen measures 16½ inches across, and is the largest of the species which the Town Crier has ever seen.

There is a scene of the Shawheen River, dated 1916, painted on it. The artist's signature is E. F. Greene.

Council of Churches consultation on Racism

"I can now understand why the Blacks are resorting to violence in some cases. I still don't like it, but I can understand it."

This was the comment of one of the participants attending the recent Wilmington Council of Churches Consultation on Racism. Mrs. Robert Pease of 257 Middlesex Avenue described her feelings. "It was a rough experience, hard to put into words, we were really raked over the coals". She continued to explain that she definitely came away from the three-day Consultation with a better understanding of her own feelings and the Black Community.

The specific goals of the Consultation were (1) to explore the

conscious and unconscious racist feelings, attitudes and behavior patterns of individuals. (2) to explore racism which is present in the structures of society. (3) to present new and more appropriate images of black white relationships and (4) to understand that love of neighbor (black and white) means changing not only personal attitudes and actions, but also the structures and culture of society.

An opportunity to explore their attitudes about racism and about humanity through participation in small group consultation was afforded the 18 who attended the program.

Speakers from the office of Rev. Landon Lindsay, a minister of Human Relations, Natick.

Hey, now...what gorgeous weather. What is it this year, but this Fall seems to be unusually bright and sunshiny...is it the weather, or is it this Gal...anyway, sure do feel like playing hooky for the wilds of the north country today... If this Chick was one of the fellas now she could have the opportunity to say she was going 'deer' hunting...was it good, Lionel?...but since she's not...here she sits...slaving away!

Hi to you Lennie too...sorry we missed you this am, but it was good of you to drop in...do it again, huh?

Didn't see those new checks on top for a while, and we like those! Bob Marchant of 62 Lowell St has finished his National Guard Active Duty, and he is planning to be married in June...Congratulations there Bob!

Note, please...all of you churchers that seem to get hung up on this Gal's language...The annual Christmas Fair at St. Dorothy's will be held on Saturday, Nov. 27 from 11 to 8 pm in the church hall. All the articles are hand-made, so that really is a must for you other girls...Got it, and don't be upset, the Congregational girls are up tight too about this Chick's slang also! Long as we get them there...that is what is important!

Now...back at the Hut...things are calming down and leveling off...thanks to our many good and kind friends in this Town...Can't say enough about how fantastic the people in this place are when this Gal has a problem she can't handle...and believe me, those are many but all she can do again is say 'Thanks'...cause she can't possibly try to repay you for your kindness and sympathy!

So, how did you girls make out at the fairs with the Christmas shopping. St. Dorothy's should about finish you up. This Chick's all through, heh, heh, and it's not cause she's efficient, it's cause she runs out of do-re-me if she doesn't accomplish it early, and then she has a lot of bills, which she hates...so she learned a long time ago that if she gets it done early, she can relax and really have the old fun over the holidays. If you are going on a long trip be certain to get proper rest first. Too little rest can cause you to become drowsy behind the wheel. Eternal rest could be the result.

Now, back to that old earning money circuit...much as this Chick loves this...there are those college tuition bills comin' up...so if she doesn't decide to go 'deer' hunting before then...See you all next week! Keep it cool...You're doing great! C'est la vie! Love ya!

St Thomas is hitting the Jingle

Bell Ball and Buffet on Saturday December 4 from 8 to 12 at Villanova Hall with Music by Charles Alexander...Joannie Bachman is at the helm...and she's some Gal...with assista from Gladys Banda at 658-4380, Mary Boylen at 658-3836, Mary Bureau 658-4900, Bunny Linnehan, 658-9234, Mary Martyn 657-7907, Al O'Connor, 658-3910, Eleanor O'Keefe 658-2817, Mary O'Rourke 658-2972, Ruth Otati 658-6381, Mary Rogers 658-9623, Jeanne Waruszyla 658-4984, and Bill Winnett 658-8253. Tickets are \$6 and available now, so get on the phone and make your reservations and out of that group, you certainly do know one...Nice going, Joannie, the hall won't be big enough, we're sure!

How's that 128 route these days...and that's some circuit! Lennie Boyden of Nichols St has had the honor of being appointed as restorer of some of the antiques at the Daniel Webster Inn in West Franklin New Hampshire...The antiques have to stay put, so Len will be spending his weekends at that one...and we are of you, Len... How come we didn't know you did that kind of work...658-6460...or is it just a hobby of sorts...We'd like to know about you, and we weren't able to get you on the phone prior to this printing...Drop in and tell us all about you, will you please? Thanks!

Hey, now Richard, and we have to get this word by a new release from Boston University...The Rev Richard Harding, who is now program director of the Southern New England Conference of the United Methodist Church received an Alumni Merit Award from BU in October, only ten others besides Dick. He was cited for his achievements in the ministry, a ministry on the frontier of movements to revitalize the faith and witness of the churches...and we believe it...and Dick has the ability of keeping a lot of people nervous...a lot of the time with his kind of thinking, as does this Gal...but he and his cohort certainly know 'where it's at' and do something about it, so whether we agree or not with some of the things, we certainly so admire this team...and we're sorry that we didn't make that encounter with Lindsay refereeing for the Council of Churches last week cause we know it would have hit the spot...but dang it, and she can't yet be in all the places she has to be, never mind the ones she wants to be...at once...and keep up that good work, Boys!

Now...back at the Hut...things are calming down and leveling off...thanks to our many good and kind friends in this Town...Can't say enough about how fantastic the people in this place are when this Gal has a problem she can't handle...and believe me, those are many but all she can do again is say 'Thanks'...cause she can't possibly try to repay you for your kindness and sympathy!

So, how did you girls make out at the fairs with the Christmas shopping. St. Dorothy's should about finish you up. This Chick's all through, heh, heh, and it's not cause she's efficient, it's cause she runs out of do-re-me if she doesn't accomplish it early, and then she has a lot of bills, which she hates...so she learned a long time ago that if she gets it done early, she can relax and really have the old fun over the holidays. PBC to name school sites

The consensus was easily arrived at, but nevertheless there was a lot of talk.

Twenty odd town officials, meeting in the High School Library last Thursday arrived at the conclusion that the Permanent Building Committee should be the committee to do the site location, etc. for new school construction, and the School Committee should provide the "educational specifications" and assist in the "selling of the program" to the town.

The PBC was originally charged to do this, according to chairman Bob Michelson.

The discussion covered many
